**Course Number: MAX4317G-SPVC**

**Duration: 0.6875 days**

## Overview

### Course Description

This IBM Self-Paced Virtual Class (SPVC) includes:

- PDF course guide available to attendee during and after course
- Lab environment where students can work through demonstrations and exercises at their own pace

In this course we will look at how Preventive Maintenance is configured in Maximo Application Suite - Manage including the creation of time and meter based Preventive Maintenance schedules, Master PMs, PM Hierarchies and PM Forecasting. After learning about these concepts, practice what you have learned by doing the hands-on lab exercises.

### Skills Gained

- Discuss the Preventive Maintenance process and applications
- Create time-based preventive maintenance schedules

- Create meter based preventive maintenance schedules
- Define Job Plan sequencing on a PM
