Notes

- The course covers the functions in the areas of production planning and requirements planning in SAP S/4HANA handled via FIORI frontend. It does not examine company-specific requirements in Customizing. This course is mostly suitable for participants who do not know the production planning processes in SAP ERP. For those who already know the production planning processes in SAP ERP, the delta training "S4MA1" is more applicable. S4222 is also available in a self-paced e-learning format under course code S4222e

Course based on software release
